

Herd Sires

Email Steve at stevendean@live.com for more information on any of our longhorns

RR Wyatt

DOB 7/3/16

TLBAA: #BI93326

Sire: RR Sweet Brindle Dust

Dam: RR Daisy 262

Wyatt is our outstanding brindle herd sire with horns over 80 inches TTT. In 2020, we had his second year of calves and Wyatt is throwing color all over the place! He has produced 10 heifers out of 13 calves in the 3 years he has been breeding. And his heifers are showing promising horn. One of them, JT Pecan Pie, had horns predicted at over 92" at 14 months old. Can't wait to see what Wyatt produces next! (Photo 7/6/21)

Rev Up The Stars

DOB 5/25/14

TLBAA: #B190143

Sire: X Star

Dam: Guns N' Roses N' Stars

This amazing bull is owned by my good friend Darlene Aldridge from Star Creek Ranch. I now have a wonderful cow from him, JT Blue Belle. She has large based horns and splashes of her sire's brindle color. In addition, Brilliant Array of Stars is carrying a Rev Up calf for November 2021. His massive horns are currently just over 80" TTT. Thank you Darlene!

Magnum Star Force

DOB 11/22/17

TLBAA: #BTI96598

Sire: CV Casanova's Magnum

Dam: Kinetic Motion of Stars

Magnum is owned by my friend, Darlene Aldridge, of Star Creek Ranch and is predicted to measure in the high 90s tip to tip. He's tall with great confirmation and clean lines. Magnum is the son of Kinetic Motion of Stars, a Star Creek Ranch cow measuring over 103.5 inches tip to tip. Two of our heifers, JT Wildflower and JT Blue Moon, are confirmed pregnant to Magnum.

7-11 Makin Magic

DOB 3/26/09

TLBAA: #BI90613

Sire: Hunts Demands Respect 2

Dam: 7-11 Milers Magic

7-11 Making Magic is owned by Hal Meyer at Jack Mountain Ranch. This handsome bull has horns measuring 79 inches TTT and striking color! Diamond Diva III had an beautiful heifer calf from 7-11 Makin Magic in May of 2021. Her name is JT Dancing Diamond; you can check out her flashy color on our calves page. (Photo taken 5/1/20)
